1. The munition factory Margineanca, situated in the forest near Vernicu-Margineanu, 26 kilometers from Ploesti on the Ploesti-Târgoviste road, which has been on a peacetime basis, has now been ordered to return to its former war footing. The principal work here is the manufacture of shells.
2. The Army arsenal shops in Bucharest (Pirotechnica Armatei), destroyed by bombardment, were handed over to the Bucharest Communal Works (Usinele Comunale Bucuresti) to be repaired and used as garages for their trucks. The Rumanian War Office has now cancelled this arrangement and ordered the shops to be taken back and former munitions work to be resumed. The shops had been thoroughly reconditioned.
